Closer with every call.

A calm interface. Clear connection status. One obvious next step.

Color with a purpose

Primary action	Connected	Waiting	End call	Primary text	Secondary text
#2457DE	#16734B	#9A5800	#C93245	#162139	#526079

Background #F4F6FA · Surface #FFFFFF · Field border #73819A · Always pair color with a label or icon.

Typography

Video call 34 / 41 · 700

Call history 24 / 30 · 700

Ready to talk 17 / 24 · 400

Microphone muted 15 / 20 · 400

Sheets: Arial. App: iOS system font.

Support larger text. Keep key actions fully visible.

Dark theme and spacing

Background #101827 · Surface #1C2940

Text #F4F7FC · Secondary text #B7C3D8

Accent #A8C1FF · Text on accent #101827

Spacing: 4 · 8 · 12 · 16 · 24 · 32 · 48

Corner radius: 12 fields · 16 buttons · 24 cards

Minimum touch target: 44 × 44 pt

Screen side margins: 24 pt · Grid: 4 pt

Clear from the first tap.

Core components and states. Labels describe actions. Messages explain what is happening.

Buttons / height 56

Video call

Pressed

Audio call

Disabled

End call

Loading: “Connecting…”

Disable repeated taps.

Account status

● Ready to call — Calls are available.

◷ Connecting… — Show progress.

! Not connected — Action: “Try again”.

Status is not a button. Provide a separate retry action.

Fields / height 56

Number or SIP address

For example, 1002

Focused field

1002

Input error

sip:

! Add a username and domain after sip:

Visible label · Error below the field · Keep the entered text

↙ **Olena** 14:20

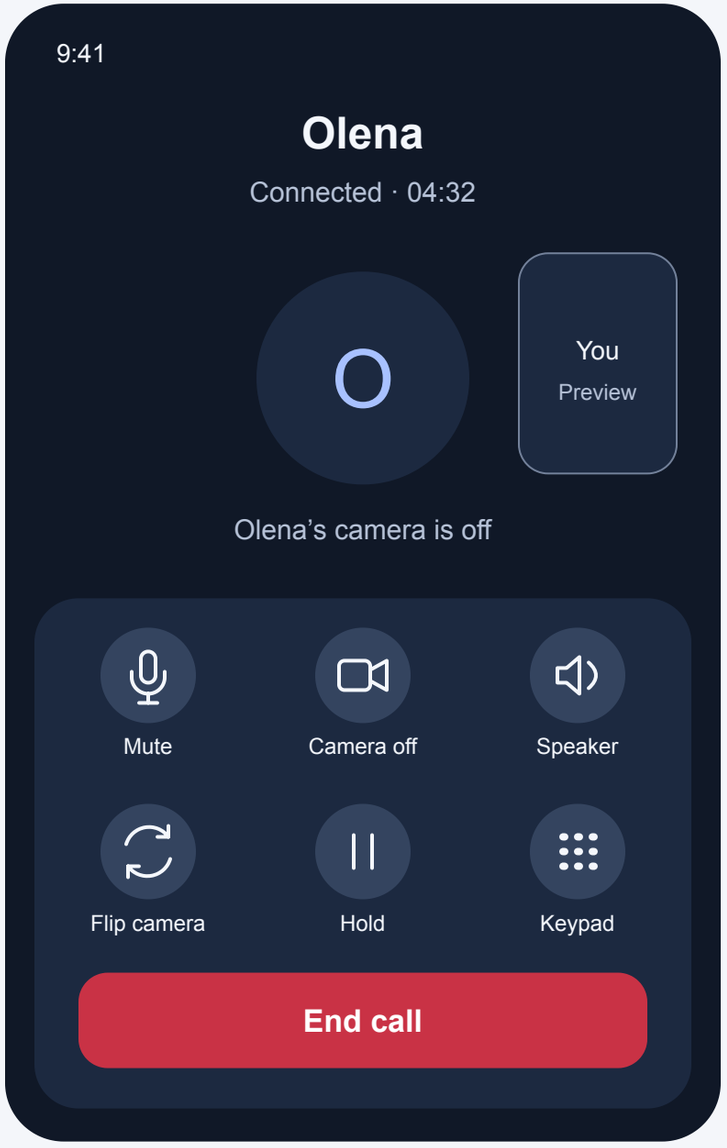

Incoming · Video · 04:32

History row · Minimum height 80 · Tap to open details.

Focus: 2 pt outline + 2 pt gap · Explain errors in text · Names and addresses are examples.

Focus on the conversation.

A sample call layout and reusable controls. All icons are drawn as vectors.

Call control states

Selected state: fill color + changed icon + VoiceOver announcement.

Incoming video call

Send no video before answering. Make the answer options clear.

Decline | Audio only | Answer with video

During a call

Hold → Show “On hold” and a “Resume” action.

Network lost → Show “Connection lost”. Keep “End call” available.

Camera unavailable → Explain why and continue with audio.

Use a solid control panel so controls stay clear over any video.

Sample layout: adapt safe areas and large text to each device. Behaviors shown are design requirements.
